The doors of the hall were unbarred at 11:10 o'clock, nearly one hour before the gavel of National Chairman Taggart was sheduled to fall as the signal for the beginning of the initial session.

Mr. Garman was interrupted by cries of "order," and "question," but was allowed to conclude, when Colonel J. M. Guffey went down the aisle asking for recognition.

A dozen other delegates were on their feet when Mr. Bell declared the convention must proceed in regular order, the only question being as to whether or not the matter should be sent to the committee on credentials.

But I speak to those resolutions, not only because he was my friend, but because I was a member of his official family. I think that this convention will honor itself by doing credit to his memory, and it can do justice to him without reflecting upon the living. A man who for eight years do justice to him without reflecting upon the living. Defender of the Faith. "He defended the faith of the fathers. He preserved inviolate the prerogative of the executive and never entrenched upon the rights of the judiciary or the legislative branches of the government. He made the first courageous fight against trusts and monopolies of this country, by his celebrated tariff message of 1887. He was not deterred from sending that message to the congress of the United States by being told that it would jeopardize his election and the success of the party. He sent the message to the congress of the United States because he knew it was right, and if it was right he knew the United States because he knew it was right, and if it was right he knew that he and the party could afford to wait. Defeat ensued; but, after four years rolled around, the Democratic party and the people of the country approved of that message, and ratified his action by re-electing him president of the United
